

BIOGRAPHY – DANDY WARHOLS

The Dandy Warhols have already established themselves as musical icons with their songs “Bohemian Like You,” “Not If You Were The Last Junkie On Earth,” and “We Used To Be Friends.” In August of 2008 they released *Earth To The Dandy Warhols*, their sixth full-length album, on their own label Beat The World Records. Released initially as part of a subscription service that also gave members access to the exclusives through the rest of the year, the album was followed by a successful world tour. On July 14, 2009, Beat The World released *The Dandy Warhols ARE Sound*, the previously unheard "Director's Cut" of 2003's *Welcome To The Monkey House*.
